Supported applications

This is a list of supported applications in Q3/2019. New software and software versions are added continuously.

Please notice:

The approximated patch delivery time, mentioned in the table below, applies to security patches only. Non-security updates are not released automatically, but instead, the non-security patches must be requested separately. Please contact to Miradore support if you want to request the release of a non-security update.

* Previous updates may be available, but not listed here.

† Limited public updates; vendor subscription required for most updates.
